# Rubric for Emergency/Disaster Response Techniques Project

Task Description: You will work with partners to think of effective response techniques to deal with a specific type of emergency/disaster. Choose a business in the Human Services Career Pathway that will be the focus of your project. Incorporate your information on a poster board. The project must include:

- a clear focus on effective response techniques for a specific emergency/disaster
- five technology-based methods such as social media that can be used to respond to an emergency/disaster
- an evacuation plan
- steps for keeping employers, employees and clients safe

| Criteria | weight | Exceptional | Admirable | Marginal | Unacceptable |
|---|---|---|---|---|---|
| **Content** | 50% | ☐ Appropriate details support main idea<br>☐ Accurate and detailed information (five technology-based methods) | ☐ Most details support main idea<br>☐ Accurate information for almost all subject matter (four technology-based methods) | ☐ Few details support main idea<br>☐ Lacking accurate information (two -three technology-based methods) | ☐ No details to support main idea<br>☐ Information is not accurate (one technology-based method) |
| **Focus** | 20% | ☐ Main idea is clearly appropriate to topic with evacuation plan and steps | ☐ Main idea is appropriate to topic with evacuation plan and steps | ☐ Main idea not clearly stated; evacuation plan but lacking steps | ☐ No main idea, evacuation plan or steps |
| **Visual Appeal** | 20% | ☐ Overall design is pleasing | ☐ Overall design is mostly pleasing | ☐ Lack of harmonious design in presentation | ☐ Project has sloppy appearance |
| **Mechanics** | 10% | ☐ Free of grammatical errors<br>☐ Words are legible and pertinent to topic | ☐ Mostly free of grammatical errors<br>☐ Most words are legible and pertinent to topic | ☐ Frequent grammatical errors<br>☐ Presentation is illegible and confusing | ☐ Very frequent grammatical errors<br>☐ Distractive elements make illustration ineffective |
